

HAND REARING ZOO

Our partner situated in Midrand – between Johannesburg and Pretoria – has one of the finest collections of endangered, exotic and indigenous animals in South Africa. . YOU could experience the unique feeling of bottle-feeding a lion cub or bathing a tiger!

Most of the animals housed and cared for have been rescued, confiscated, orphaned and abandoned. The Owl Sanctuary and rescue centre is well known in Africa and abroad. YOU could play a part in caring for these special owls and birds.

The zoo functions as a hands-on facility where the public can form emotional bonds and have fantastic experiences with various types of animals. Children learn how to maintain a

holistic environment through educational programmes, continued breeding of endangered species and the provision of a sanctuary for non-releasable animals. YOU could help with educating school groups on key conservation issues.

YOUR donation included in the project fee will contribute to the long-term sustainability of the project. On your return home you may continue to support the project with on-going donations directly into the projects account.

PROJECT OUTLINE

Province Gauteng

Closest city Midrand – between Johannesburg and Pretoria

Malaria-free area Yes

Vaccinations Tetanus recommended

Duration

Minimum: 5 consecutive days , we recommended a 28 days stay

Maximum: 12 weeks

Requirements

None
